REPORT OF LIBRARY TRUSTEES.

Since the report of last year the library has been removed to the room provided for it in the Stone Memorial building, and there has been a decided increase in the number and interest of its patrons.

We have made a beginning in a reference department by the purchase of Johnson's Universal Cyclopedia, desiring to foster, especially in the young, the habit of independent research.

In the selection of books our aim has been to furnish reading suited to different capacities and tastes.

We hope the time is not far off when appropriations will be sufficient to warrant the trustees in keeping the room open more than one afternoon in the week. Those interested in the library are invited to leave with the librarian lists of books they would like to have purchased.
